Welcome to WhatsMyName

This tool allows you to enumerate usernames across many websites

How to use:

- 1. Enter the username(s) in the search box, select any category filters & click the search icon or press CTRL+Enter
- 2. Results will present as icons on the left & in a searchable table on the right
- 3. Document & Google searches will automatically populate at the bottom, using the first username in your list as the search term
